Dr. Sanghvi earned his Doctor of Medicine at Georgetown University School of Medicine in Washington, DC, where he received the Warwick Evans Radiation Oncology Award. He then completed an internship in internal medicine at the Virginia Commonwealth University in Richmond and a residency in radiation oncology at Loma Linda University in California.

While at Loma Linda, he served as Chief Resident of the Radiation Oncology program. He also had the opportunity to experience international radiation oncology in Germany and more recently, volunteering in a radiation oncology clinic in Nepal.

"We are excited to have Dr. Sanghvi join our practice. He treats a wide range of cancers as well as benign conditions and has extensive experience with Stereotactic Body Radiation Therapy treatments," said CBSA medical oncologist [Dr. Carlos Arce-Lara](#).

CBSA has numerous locations across the state and continues to grow. The practice currently consists of nineteen providers including seven medical oncologists, two gynecologic oncologists, a radiation oncologist, a general surgeon and eight nurse practitioners.

"Radiation therapy is an important weapon in the battle against cancer. Having Dr. Sanghvi join the team with his expertise will benefit not only the Casa Grande community but the entire network of community oncology practices," said AON President and Chief Development Officer [Brad Prechtl, MBA](#).

"We are very pleased to welcome Dr. Sanghvi," added AON Chief Executive Officer [Todd Schonherz](#). "The Casa Grande practice brings together multispecialty services including medical, surgical, radiation oncology, nutrition and others. It is the only facility in all of Pinal County providing true comprehensive, multidisciplinary cancer care. The collaborative environment is designed to make cancer care more accessible and easier for patients,

enabling them to stay in Casa Grande for treatment, instead of traveling to institutions in other cities.”

Dr. Sanghvi will begin on August 3 and is accepting new patients.

**About American Oncology Network, LLC: ([AONcology.com](http://AONcology.com))**

American Oncology Network, LLC (AON) is an alliance of physicians and seasoned healthcare leaders partnering to ensure the long-term success of community oncology. Launched in 2018, the rapidly expanding AON network represents 108 physicians and 89 nurse practitioners and physician assistants practicing across 16 states. The executive management team of AON encompasses more than three decades of oncology practice management experience, enabling physicians to focus on what matters most – providing the highest quality care for patients.

The organization provides unique and comprehensive protocols for managing administrative procedures and enhancing ancillary services for its affiliates. AON is able to aggregate volume and attain economies of scale, as it guides its member physicians and practices through the transition to value-based reimbursement models that improve the patient experience and help to reduce the per-capita cost of cancer care.

AON also provides a unique model of physician led, community-based oncology management. With services such as a centralized specialty pharmacy, diagnostics, pathology, fully integrated electronic medical records, a care management team and a variety of financial assistance programs, an alliance with AON ensures that patients' experiences will be at the very pinnacle of cancer care today.
